CERTIFICATE OF ANALYSIS

Product description:

Item name:

Lot number:

Date of collection:

Donor information

Donor ID	Blood type	Gender	Age	BMI	Tobacco use

Race	
Medication use	
Donor viral status	HIV, HBV, HCV: Negative

Parameter	Specification	Result
Total cell count:		M cells
Viability:		%
Purity:		%
Microbial growth:	Report value	No Growth

Recommended storage condition

Please use product immediately upon arrival or store in the vapor phase of a liquid nitrogen storage tank.

AllCells Research Grade products are for research purposes only and are not intended for use in humans. Research Grade products are not for resale and must not be used to produce derivative products, or as a component of another product for resale purposes, without prior written authorization from AllCells.

Although, products are collected and produced from healthy donors (except for AllCells diseased products), for safety considerations, products should be handled as potentially infectious and they have not undergone viral inactivation.
